## MORE DETAILED INSTRUCTIONS:

Welcome to the Best in Media awards entry and judging platform. We work hard to make your experience as a judge easy and workflow intuitive. We want to make your involvement as a judge as simple as possible so you can spend as much time focused on the content of the entries and not on the process. Here are a few simple instructions.

### Pre-Judging:

1. Make sure you have a clear understanding of what divisions / categories you have been asked to judge. This site does not have that information. If you have any questions, please contact the person who asked you to be involved in the judging process.
2. If you’re having any technical issues, believe you are not looking at the media that is associated with an entry, or a link to the media is broken, please call Tom Frazee / 208-286-7664

3. We have provided a link to a pre-populated Judging Results Form and there is a link to that form on each judging link sheet named “RESULTS”

#### Logging In:

1. Do not attempt to make your own account. This will not give you access to the judging area!
2. You can use any of the following:
  - a. judge1 / pa551
  - b. judge2 / pa552
  - c. judge3 / pa553
  - d. judge4 / pa554
  - e. judge5 / pa555
3. Once you are logged in, the word “Judging” will appear at the very top of the front page in the black navigator bar. Click on “Judging”. If you do not see this link, you probably tried to create your own account. See above.

#### Access Judging Sheets

1. Once you click on Judging, you will be re-directed to the Judging link page. Here you'll see a link to the organization you are judging. Click on it.

#### Judging Landing Page:

You're now on the organization's landing page. There is information specific to that organization's awards program. Here's the process:

1. Scroll down that page until you get to the Judging Grids
2. Below are the links to the individual division grid
3. Click on the division you have been asked to judge in. Make sure you know this information specifically.
4. You will now be taken to the division judging grid that will have all the categories grouped together with the individual entry in a row that has the following information per entry
